- Anyone who wants to learn to use their fullest potential in life, despite life struggles and barriers
- Self- referred or referrals from court, primary care doctor, church, social services, school or a friend/ family member

"I believe your potential is more than the traits, problems and symptoms you are made up of"

- Lisa C. Coffey, LCSW

My passion is working closely with individuals, families and community partners to cultivate healthy and lasting connections within which an individual may find healing and continued growth; which may lead to success on all levels in their lives. My approach is to offer the honesty, privacy, support, trust, confidence, accountability and expertise needed to assist individuals in overcoming difficult mental health, substance abuse and life problem symptoms & issues. My hope is to offer individuals an opportunity to attain the highest level of use of their potential as possible, despite these barriers in life.

- Lisa C. Coffey, LCSW
